

# Uncle Giuseppe's

## MARKETPLACE

To Our Valued Customers:

We wanted to let you know that we are closely monitoring the ongoing developments related to Coronavirus (COVID-19).

The safety and well-being of our employees and customers is of the utmost importance to us, and we wanted to reach out to let you know that we are taking appropriate precautions to keep our employees informed and ensure your shopping experience is a safe one.

Uncle Giuseppe's is an environment with food safety standards that meet and exceed local and state requirements for industry best practices. Food contact surfaces are cleaned and sanitized regularly, and we thoroughly clean public areas and restrooms on a frequent basis.

Our enhanced maintenance includes:

- Having a dedicated greeter at every store wiping down carts with sanitizer as customers walk in.
- Cleaning and sanitizing customer touch points such as debit/credit card machines, door handles, deli kiosks, etc.

Additionally, we've implemented a new hand washing protocol that goes above and beyond industry standard. Our employees now use a "Stop, Wash and Change Your Gloves" policy whereby all food handling employees practice this every 2 hours or as needed if sooner.

We've advised any employees who feel ill to remain home until they are in good health. We will continue to closely monitor and follow all recommendations from the Centers for Disease Control, our state and local health departments, and our food industry trade associations.

Our teams are working hard to fill the stores as supplies permit. Delivery trucks are arriving daily and we are re-stocking shelves as products come in. This includes but is not limited to fresh meat, produce and grocery essentials.

We want you to feel safe shopping at Uncle Giuseppe's, and hope these added precautions allow you to shop with confidence. Should you have any additional questions, please see your local store manager. From our family to yours, stay safe and healthy!

-Uncle Giuseppe's Ownership Team
